me: have made contact with Yasmine of al-Jazeera as requested
me: she will be calling in a bit. Should I give her your info or one of the others?
me: I can't remember what was decided on that front
Anonymous: for the tunisia stuff?
me: everything
Anonymous: press@anonops.ru for some of that stuff
Anonymous: but she can talk to me for some overall picture sort of stuff
me: well, I got personal e-mails from everyone last night
me: I'll have to look back on IRC logs
me: think someone said they'd talk to her, will get back to you
Anonymous: All tunisian government sites are offline at this point
Anonymous: that should go out
Anonymous: all gov.tn sites
me: what was the proximate cause of this attack again?
me: was there a particular new censorship policy or something involving access to Wikileaks?
Anonymous: yes
Anonymous: they started censoring wikileaks, and facebook and bunches of others
Anonymous: because of some cables
Anonymous: then the censorship seems to ahve gotten worse
Anonymous: a lot of censorship about the current problems going on
Anonymous: protests and whatnot over the last couple weeks it would seem too
me: okay, gotcha, will get some more stuff up soon
me: any word on protests within Tunisia?
Anonymous: those have already happened?
me: was asking
Anonymous: its sort of one of the problems that caused more censorship i think
Anonymous: dont know about any new ones yet
me: gotcha
